"But you can't hide true power," Medra said. "Not for long. It dies in hiding, unshared.. "Well, to my story. Forty years and more ago, there was a child born on the Isle of Ark, a rich isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward in the household of the Lord of Ark. Not a poor man's son, but not a child of much account. And the parents died young. So not much heed was paid to him, until they had to take notice of him because of what he did and could do. He was an uncanny brat, as they say. He had powers. He could light a fire or douse it with a word. He could make pots and pans fly through the air. He could turn a mouse into a pigeon and set it flying round the great kitchens of the Lord of Ark. And if he was crossed, or frightened, then he did harm. He turned a kettle of boiling water over a cook who had mistreated him..teachers on Roke had said. She didn't understand him, but the idea of fearing him, him personally, was not one she could keep in mind. She tried to be respectful, but it was impossible. She thought he was clever and quite handsome, but she didn't think much about him, except for what he could tell her. He knew what she wanted to know and little by little he told it to her, and then it was not really what she had wanted to know, but she wanted to know more. He was patient with her, and she was grateful to him for his patience, knowing he was much quicker than she. Sometimes he smiled at her ignorance, but he never sneered at it or reproved it. Like the witch, he liked to answer a question with a question; but the answers to Rose's questions were always something she'd always known, while the answers to his questions were things she had never imagined and found startling, unwelcome, even painful, altering all her beliefs..heavier and the eyes were melancholy..to her, vivid. She thought about Ivory, thinking she would never see him again, wondering if he."Go on, Deyala. I'll stay here." The Herbal went off. Azver sat down on the rough bench Irian had made and put against the front wall of the house. He looked upstream at her, crouching motionless on the bank. Sheep in the field between them and the Great House blatted softly. The morning sun was getting hot..She said nothing. Labby, glancing at her, set his woodhorn to his lips. The drummer struck a.to absolute chastity, enforced by self-cast spells. At the school on Roke, the students lived."I don't know," he said."I swear that. . ." "Many claimed Maharion's throne, but none could keep it, and the quarrels of the claimants divided.in what they knew. But Hound knew pretty surely that his prisoner was concealing his talents..She looked at him. She could not speak. She stood up and after a moment walked out of the stableyard, off across the hill, on the path that went around it halfway up. One of the dogs, her favorite, a big, ugly, heavy-headed hound, followed her. She stopped on the slope above the marshy spring where Rose had named her ten years ago. She stood there; the dog sat down beside her and looked up at her face. No thought was clear in her mind, but words repeated themselves: I could go to Roke and find out who I am..Men and women of the Hand had joined together on Roke a hundred or more years ago, forming a league of mages. Proud and secure in their powers, they had sought to teach others to band together in secret against the war makers and slave takers until they could rise openly against them. Women had always been leaders in the league, said Ember, and women, in the guise of salve sellers and net makers and such, had gone from Roke to other lands around the Inmost Sea, weaving a wide, fine net of resistance. Even now there were strands and knots of that net left. Medra had come on one of those traces first in Anieb's village, and had followed them since. But they had not led him here. Since the raid, Roke Island had isolated itself wholly, sealed itself inside powerful spells of protection woven and rewoven by the wise women of the island, and had no commerce with any other people. "We can't save them," Ember said. "We couldn't save ourselves..all. Being as how you have all one man can do with Alder's beeves, you see..."She was in his charge, in his care, he had known that when he saw her. Though she came to destroy Roke, as she had said, he must serve her. He did so willingly. She had walked with him in the forest, tall, awkward, fearless; she had put aside the thorny arms of brambles with her big, careful hand. Her eyes, amber brown like the water of the Thwilburn in shadow, had looked at everything; she had listened; she had been still. He wanted to protect her and knew he could not. He had given her a little warmth when she was cold. He had nothing else to give her. Where she must go she would go. She did not understand danger. She had no wisdom but her innocence, no amour but her anger. Who are you, Irian? he said to her, watching her crouched there like an animal locked in its muteness..In the lore-book from Way, which he brought with him in a spell-sealed box whenever he traveled..photocopy, recording, or any information storage and retrieval system, without permission in.the north shore of O, at Ilien, Leng, Kamery, and O Port, and then headed west to carry the.ode down several levels, I think, and, getting off on the street at the bottom, was surprised to see.them nights, brooding on where and how he might extend his empire..the larger bits of eggshell under loose dirt, patting it over them neatly. "Of course I know the.spared him he would tell them all about the Hand, and Roke, and the great mages of Roke..huge, dim bulk of the mountain did stars burn clearly. Wind whistled in the reeds, soft, dismal..socket..in great respect, although he was only a finder. The sister had vanished, perhaps gone with Otter."It's cold out," she said. "Ice on the trough this morning. Will you be going on, this day?""Come on then, my love," the young woman said, not to him. The mare followed her trustfully. They set off up the rough path round the hillside to an old stone and brick stableyard, empty of horses, inhabited only by nesting swallows that swooped about over the roofs calling their quick gossip.. "If I lie down I won't get up. I want to see the Mountain." .angry with him. He feared to insult, to offend her. What did she fear? His desire?
