For a while, Junior profited enormously from Tammy's investment advice, and the sex was great. As a thank-you for the hefty trading commissions she earned-and not incidentally for all the orgasms-Tammy gave him a Rolex. He didn't mind her four cats, didn't even care when the four grew to six, then to eight..Junior had left the front door locked, because if unlocked, it would look as though he had wanted to facilitate their entry, and it would make them suspicious of the whole scenario..Simon Magusson, lacking family, had left his estate to Tom. This came as a surprise. The sum was so considerable that even though Tom was on a dispensation from his vows, which included his vow of property, he was uncomfortable with his fortune. His comfort was quickly restored by contributing the entire inheritance to Pie Lady Services. They had been brought together by two extraordinary children, by the conviction that Barty and Angel were part of some design of enormous consequence. But more often than not, God weaves patterns that become perceptible to us only over long periods of time, if at all. After the past three eventful years, there were now no weekly miracles, no signs in the earth or sky, no revelations from burning bushes or from more mundane forms of communication. Neither Barty nor Angel revealed any new astonishing talents, and in fact they were as ordinary as any two young prodigies can be, except that he was blind and she served as his eyes upon the world..They were each down to one last sip of wine, studying dessert menus, when Celestina began to wonder if, in spite of all instincts and indications, she might be wrong about the state of Wally's heart. The signs seemed clear, and if his radiance wasn't love, then he must be dangerously radioactive-yet she might be wrong. She was a woman of some insight, quite sophisticated in many ways, with the raw-nerve perceptions of an artist; however, in matters of romance, she was an innocent, perhaps even more pitifully naive than she realized. As she perused the list of cakes and tarts and homemade ice creams, she allowed doubt to feed upon her, and as the thought grew that Wally might not love her that way, after all, she became desperate to know, to end the suspense, because if she didn't mean to him what he meant to her, then Daddy was just going to have to accept her conversion from Baptist to Catholic, because she and Angel would have to spend some serious heart-recovery time in a nunnery..Library of Congress Cataloging-in-Publication Data Le Guin, Ursula K., 1929-.He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley..When Victoria finally calmed her racing heart, she returned the spoon to the tray on the nightstand, stoppered the carafe, and said, "That's enough for now, Mr. Cain. In your condition, even too much I melted ice might trigger renewed vomiting."..He had taken refuge in meditation, because he'd been frustrated by his continuing failure in the Bartholomew hunt and disturbed by his apparently paranormal experiences with quarters and with phone calls from the dead. More deeply disturbed than he had realized or had been able to admit..Shortly after four o'clock, here was Neddy, already spiffed for work in black tuxedo, pleated white shirt, and black bow tie, with a red bud rose as a boutonniere, standing just inside the open door to Celestina White's studio apartment, holding forth in tedious detail as to the reasons why she was in flagrant breach of her lease and obligated to move by the end of the month. The issue was Angel, lone baby in an otherwise childless building: her crying (though she rarely cried), her noisy play (though Angel wasn't yet strong enough to shake a rattle), and the potential she represented for damage to the premises (though she was not yet able to get out of a bassinet on her own, let alone go at the plaster with a ball-peen hammer)..The baby felt too light to be real. She weighed five pounds fourteen ounces, but she seemed lighter than air, as though she might float up and out of her aunt's arms..He rolled his head back and forth on the pillow. "Nope. It's still just something you gotta feel."..So. Two monks they were: one in the service of everlasting light, the other in the service of eternal darkness.."Some Baptists are opposed to drink, Doctor, but we're the wicked variety. Though all we have is a warm bottle of Chardonnay."..This morning, only his love for his sister, Agnes, gave him the courage to drive and to become the pie man..The moon shimmered, and the stars blurred-but only briefly, for her devotion to this boy was a fiery furnace that tempered the steel of her spine and brought a drying heat to her eyes. Without Franklin Chan's full approval but with his complete understanding, Agnes took Barty home. On Monday, they would return to Hoag Hospital, where Barty would receive surgery on Tuesday..A moment ago, he'd slammed into Angel's room, and that was loud, but this boomed louder, thunderous enough to wake people throughout the building..She lived with her parents then. They had converted the dining room to a bedroom for her..Two of her largest and best paintings were in the show windows, dramatically lighted. They were dazzling. They were dreadful. They were beautiful. They were hideous..The coin stopped turning, pinched flat between the knuckles of the cops middle and ring fingers. He retrieved a box of Kleenex from the nightstand and offered it to his suspect. "Here."..Had Junior been chest-deep in wet concrete, he would have been more mobile than he was now. He had no feeling in his legs.."There's no clear evidence of birth defects, but a

couple tests reveal some worrisome anomalies. We'll know when we see the child." He opened his mouth but stood mute. Raised his right hand from his side. Worked his fingers in the air, as though the needed words could be strummed from the ether. He felt stupid, foolish. By the time he reached the airport, located a private-charter company, chased up the owner through the night-security man, and arranged to be flown at once to Eugene, Oregon, aboard a twin-engine Cessna, the points of pain in his face had begun to throb. No matter. He was a future-focused, focused man. The past is for losers. No, wait, humility is for losers. "The past is the teat that feeds those too weak to face the future." Yes, that was the line from Zedd that Junior had stitched on a needlepoint pillow. If Junior was not discreet, and if gossip about the widower Cain and the sexy nurse began to circulate, Vanadium would be on the case again even if it had been closed. The cop was sick, hateful, driven by unknowable inner demons. Although he might for the moment have been reined in by those in higher office, mere gossip of a spicy nature would be excuse enough for him to open the file again, which he'd surely do without informing his superiors. Celebration of course, would lead to incarceration and perhaps to electrocution. With Vanadium, the maniac cop, likely to be found lurking under the bed or masquerading as a nurse to catch him in an unguarded moment, Junior had to recover at a pace that his physician would not find miraculous. Dr. Parkhurst expected to discharge him no sooner than the following morning. The poor girl's blood pressure soared in spite of the medication. She suffered a violent seizure. As the fragrances of wet wool and sodden denim rose from her sweater and jeans, Agnes switched on the heater and angled the vanes of the middle vent toward Barty. "Honey, turn that other vent toward yourself." At last, as the sun slowly set, he arrived at the highest of the high redoubts, beyond which the branches were too young and too weak to support him farther. Against a sky red enough to delight the most sullen sailors, he rose and stood in a final crook of limbs, pressing his left hand against a balancing branch, right hand planted cockily on his hip, lord of his domain, having kicked off the trammels of darkness and fashioned from them a ladder. Of course, you've never seen anything like it, you worthless adolescent twit. You're not old enough to have seen squat, and even if you were older than your own grandfather, you wouldn't have seen anything like this, Dr Kildare, because this here is a true case of voodoo Baptist boils, and they don't come along often! "September 27, 1962. Barcelona, Spain. A flood killed four hundred forty-five people." Junior levered up, scrambled up, vaulted over, and crashed into the deep bin, with every intention of landing on his feet. But he overshot, slammed his shoulder into the back wall of the container, fell to his knees, and sprawled facedown in the trash. Perri had been crippled seventeen years before Jonas Salk's vaccine had spared future generations from the curse of polio. you greater strength and determination than any other motive. But you should know this much.... You need to keep her safe for another reason. She's special. I don't want to explain why she's special or how I know that she is, because this isn't the time or place, not with your dad's death and Wally in the hospital and you still shaky from the attack. As mentally demanding and stressful as it was to maintain this borrowed sight, the harder thing was looking once more upon her face, after all these years of blindness, only to see her gaunt, so pale. The vital, lovely woman whose image he had guarded so vigilantly in memory would be nudged aside hereafter by this withered version. "Could you throw an Oreo someplace you weren't blind or maybe someplace Wally wasn't shot?". The can struck Junior hard in the face, breaking his nose, before he could duck. "Imagine me thinking you'd be gone," she said to Barty. "Your old mum is losing it. I never made a deal with Rumpelstiltskin, so there's nothing for him to collect." To achieve certain narrative effects, I've fiddled slightly with the floor plan and the interior design of St. Mary's Hospital in San Francisco. In this story, the characters who work at St. Mary's are fictional and are not modeled after anyone on the staff of that excellent institution, either past or present. The night seemed to be longer than a Martian month. Agnes dozed, fitfully, waking more than once, sweaty and shaking, from a dream in which her son was taken from her in pieces: first his eyes, then his hands, then his ears, his legs..... Seraphim's child had been alive as long as Naomi had been dead, almost fifteen months. In fifteen months, Junior should have located the little bastard and eliminated him. Ursula K. Le Guin. Weird, this kid. Making him uneasy. All in white, with her incomprehensible yammering about talking books and talking dogs and her mother driving pies, and working on a damn strange drawing for a little girl. Everything was proceeding precisely as Junior had envisioned in the instant when Naomi had first discovered the rotten section of railing and had nearly fallen without assistance. The entire plan had come to him, wholly formed, in a blink, and during the following two circuits of the observation deck, he had mulled it over, seeking flaws but finding none. At worst, Vanadium might begin to wonder if Junior had a link to Seraphim, might uncover the physical-therapy connection, and in his paranoia, might erroneously conclude that Junior had something to do with her traffic accident. That was nuts, of course, but the detective was evidently not a rational man. In the morning, after their first night together, without either of them suggesting what must be done, Barty and Angel went in silence into the backyard and, together, climbed the oak, to watch the sunrise from its highest bower. Three years later, on Easter Sunday in 1986, the fabled bunny brought them a gift: Angel gave birth to Mary. "It's time for a nice ordinary name in this family," she declared. We cherish the old stories for their changelessness. Arthur dreams eternally in Avalon. Bilbo can go "there and back again," and "there" is always the beloved familiar Shire. Don Quixote sets out forever to kill a windmill... So people turn to the realms of fantasy for stability, ancient truths, immutable simplicities. place settings. He returned with them to the kitchen and put them in the lower oven, as though Victoria were using it as a plate warmer. He couldn't much longer take advantage of Paul Damascus's hospitality. Since bringing Wally to town, Tom had been staying in Paul's guest bedroom. He knew that he was welcome indefinitely, and the sense of family that he'd found with these people had only grown since January, but he nevertheless felt that he was imposing. Not limited to a survey of the nursing staff on a single floor of the hospital, Junior used the elevators to roam higher and lower. Checking out the skirts. Agnes got out of bed, switched on the lamp, and tucked Barty in once more. "Say your silent prayers." When the pianist eventually launched into "Someone to Watch over Me," he didn't appear to be responding to a request, considering that a few other numbers had been played since the most recent gratuity. The tune was, after all, in his nightly repertoire. She curled up in the armchair, watching Barty. She was greedy for the sight of him. She thought she would not doze off, but would spend the night watching over him, yet exhaustion defeated her. Maria's face gathered into a frown, like a piece of brown cloth cinched by a series of whipstitches. "Six lessons." The busboy swept the empty appetizer plates away as the waiter arrived simultaneously with small salads. Fresh martinis followed. "Maria brought that from Mexico," Barty said. "She thought it was pretty funny. So do I. It's a hoot. Mom says it isn't really blasphemous, because it wasn't meant to be by the people who made it, and because Jesus would want you to have cookies, and, besides, it reminds us to be thankful for all the good things we get." Yet, with no recollection of rising from his chair, he found that he had shouldered his backpack and crossed the room. The three men looked up expectantly. Max hung up. The Ansaphone made a series of small robot-mouse noises and then fell silent. He had been thankful that during the long

trance, he hadn't wet himself. Now he would gladly have accepted any amount of humiliation rather than suffer these vicious cramps..Tom opened his empty hands and then filled one of them with his water glass. The rattling ice belied his calm face..On Sunday, New Year's Eve, Edom and Jacob came for dinner. Following dessert, when Barty went to his room to continue reading Starman Jones, which he had begun late that afternoon, Agnes told her brothers the truth about their nephew's eyes..Shortly after Agnes turned out the light, she said, "Kiddo, it's been one whole week since you walked where the rain wasn't, and I've been doing a lot of thinking about that." Junior decided to attend the festivities, after all, motivated by the prospect of connecting with a woman more pliant than the Bavol Poriferan sculpture..During the past few hours, he had changed his life again, as dramatically as he had changed it on that fire tower almost three years ago..He possessed vast files on tragic fires, and most of them were committed to memory. In Vienna's magnificent Ring Theater, December 8, a blaze claimed 850 lives. On May 25, 1887, 200 dead at the Opera Comique, Paris. November 28, 1942, in the Coconut Grove nightclub in Boston-when Jacob was only fourteen years old and already.Although he was a stranger, arriving unannounced, and something of an eccentric by anyone's definition, Paul was received by Grace and Harrison White with warmth and fellowship. At their doorstep, raising his voice to compete with the wailing weather, he hurriedly blurted out his mission, as if they might reel back from his wild windblown presence if he didn't talk quickly enough: "I've walked here from Bright Beach, California, to tell you about an exceptional woman whose life will echo through the lives of countless others long after she's gone. Her husband died the night their son was born, but not before naming the boy Bartholomew, because he'd been so impressed by 'This Momentous Day. And now the boy is blind, and I hope you'll be able and willing to give some comfort to his mother." The Whites failed to reel backward, didn't even flinch from his unfortunately explosive statement of purpose. Instead, they invited him into their home, later invited him to dinner, and later still asked him to stay the night in their guest room.,In the physician's eyes, a yearning to believe. In his face, a squint of skepticism..Using a three-step folding stool, he was able to get near enough to one of the vent plates in the living room to determine whether it might be the source of the song. just then the singing stopped..Then Junior saw the blood on the right cuff of Vanadium's shirt. Blood dripping from his hand, too..By ones and twos, the festive crowd eventually deconstructed, but for Celestina, an excitement lingered in the usual gallery hush that rebuilt in their wake..LATE TUESDAY AFTERNOON in Bright Beach, as a darker blue and iridescent tide rolled across the sky, seagulls rowed toward their safe harbors, and on the land below, shadows that had been upright at work all day now stretched out, recumbent, preparing for the night.. "You should be with your children," Agnes worried. Maria looked up. "My babies are sitted with my sister." .Several large Dumpsters hulked nearby, dark rectangles less seen than suggested in the slowly churning murk, like forms in a dream, as ominous as graveyard sarcophaguses, each as suitable for a musician's carcass as any of the others..And when she finally looked directly at him, blinked at him, her lashes flicking off a spray of fine droplets, Agnes saw that Barty was dry. Not a single jewel of rain glimmered in his thick dark hair or on the baby-smooth planes of his face. His shirt and sweater were as dry as if they had just been taken off a hanger and from a dresser drawer. A few drops darkened the legs of the boy's khaki pants--but Agnes realized this was water that had dripped from her arm as she'd reached across him to adjust the vent.. "My God," Junior said, pretending that his befuddlement had faded and that his mind had just now clarified, "you think Naomi was murdered, don't you?".replace her. I'd never be able to spend a penny of it. Not a penny. I'd have to give it away. What would be the point?". "Was a priest," he corrected. "Might be again. At my request, I've been under a dispensation from vows and suspension from duties for twenty-seven years. Ever since those kids were killed." .Bad news. Having been identified by another guest put Junior at risk of later being tied to the killing; having been recognized by a close personal friend of Celestina White's was even worse. It had become imperative now that he know why the pianist had been watching him from across the room with such intensity.
