Blades, indeed, but not knives..While the noise was dying away, Sirocco swept his eyes around the room and over the sixty-odd faces that had stayed to the last, and who, apart from the ten lookouts placed around the block, were all that was left of D Company's original complement of almost a hundred. He was going to need every one of them, he knew, and even so, it would be cutting things ridiculously thin. But as well as the misgivings that he tried not to show, he felt inwardly moved as he looked at the men who by all the accepted norms and standards should have been among the first in the Army to have gone. But apart from the SD units, D Company's record was second to none. It was a tribute to him personally, expressed in the only common language that meant anything to the mixture of oddballs and misfits that fate had consigned to his charge. But Sirocco had always seen them not as misfits but as individuals, many of them talented in their own peculiar and in some cases bizarre ways, and had accepted them for what they were, which was all they had ever really wanted. But the term misfit was a relative one, he had come to realize. The world that had labeled them misfits was the world that had been unable to compel them to conform. Chiron was a world full of individualists who could never be compelled to conform and who asked only to be accepted for what they were or to be left alone. Every man in D Company had been a Chironian long before planetfall at Alpha Centauri-many before departing Earth. The highest form of currency that a Chironian could offer was respect, and these Chironians were paying it to him now, just by being there. Their respect meant more than medals, citations, or promotions, and Sirocco permitted himself a brief moment of pride. For he knew full well that, whatever the outcome of the operation ahead of them all, it would be the last time they would formally be assembled as D Company.. "Oh, Christ Wearily, Colman brought a hand up to his brow. "Okay. Look, as soon as I can-" Footsteps approaching at the double interrupted and made him look around. It was Sergeant Armley, from the Orderly Room..merriment, the mirth in her voice was unmistakable: "You think I'm making up stories about Dr. Doom."It wouldn't worry me if you burst into flames." "For Christ's sake, that's TV fiction. She doesn't exist.. "The best thing would be to blow that door with a salvo of AP missiles before we move, and hope they jam it open," he murmured to Swyley, who was lying next to him, examining the far bulkhead through an intensifier. "Then maybe drench the lock with incendiary and go in under smoke..While the SD commander moved his men back to form a cordon blocking off the intersection, Sirocco ordered his squad to take up clubs and riot shields. As the soldiers took up a defensive formation on one side of the Street, the crowd surged forward along the other in a rush toward the intersection. Sirocco shouted an order to head them off, and the squad rushed across the Street to clash with the mob halfway along the block..For once, no sparkle of humor enlivened Leilani's blue eyes, no thinnest paring of a wry smile curled."No, we can't. I've got to think.. "Dr. Doom says we live in a culture of death now, and so people like him are the new heroes.. "What.when the driver and his associate stopped to refuel and grab breakfast..Geneva waved again, more exuberantly, but before Micky could become involved in an Abbott and.."Do you?..and bristling blind-dark forest.. "Thank you, and my compliments to you, sir." Hoover acknowledged in a suddenly more agreeable voice. "I hope you all enjoyed your visit and that we'll see you here again soon." The cart rolled away to deliver its load to the handling machine. Hoover escorted the group back to the entrance. "Now, next week we're expecting a consignment of absolutely first-class--".Jay shrugged. "All the things crazy people usually follow crazy leaders for, I guess.. "You wouldn't want to bet on that, now, would you?" Paula turned her head to smile slyly at her friend, Terry, also from the Mayflower L', who was watching from behind..Colman shrugged. "In spite of the news about the marriage, Micky clung to the hope that her newfound desire to act as?so.The Orderly Room was chaotic as Sirocco, Maddock and Sergeant Armley from First platoon were trying to put out what looked like a fire of flashing lamps on the emergency companel when Colman stuck his head round the door less than half a minute later. "What the hell's going on?" he asked them.. "Of course, dear." Geneva poured from a glass pitcher that dripped icy condensation..Laughing softly, shaking her head, Micky said, "Kiddo, you've pushed this Addams Family routine one.Colman snorted derisively. "Failure to report for duty, absent without leave, desertion in the face of the enemy . . . the whole book, in fact. Well, consider yourselves reprimanded, and sit down. There's a lot to go over, and we're all going to need some rest today. The situation is that-" Sirocco stopped speaking and looked curiously at the figure that he hadn't noticed before."No, I'm not. I'm going to talk about air-conditioning for."Never say you don't get anything back for your taxes." Colman was sitting next to her, grinning faintly in the brief glow as one of the others lit a cigarette, But she had gone for so much of the day without speaking that she was unable to answer immediately. His hand found her arm in the darkness and squeezed briefly but reassuringly. "It'll be okay," he murmured. "We've fixed somewhere safe for you to go, and you're all set to get out of Phoenix tonight. I'll be coming with you into Franklin?".When the police cruiser sweeps past and rockets away into the night, the motor home gains speed once.Wellesley concluded his formal speech and stood looking around the hall for a moment to allow a lighter mood to settle. In the last few days some of the color had returned to his face, his posture had become more upright and at ease, and his frame seemed to have shed a burden of years.
