"I knew," said Wally, braking for a red traffic light, "that you'd be thinking of Phimie now, and thinking of her would lead you to your father's words, because as short as her life might have been, Phimie was a Bartholomew. She left her mark." Junior could neither speak nor even mewl in agony. All the saliva had been draining forward, out of his open mouth, for so long that his throat was parched and raw. He felt as though he had munched on a snack of salted razor blades that were now stuck in his pharynx. His rattling wheeze sounded like scuttling scarabs. "Simon's a funny duck," Vanadium said, "but I like him more than a little and trust him implicitly. He wanted to know what he could do to help. Initially, my speech was slurred, I had partial paralysis in my left arm, and I'd lost fifty-four pounds. I wasn't going to be looking for Cain for a long time, but it turned out Simon knew where he was." With the determination of any pulp-magazine adventurer, Paul walked in sunshine and in rain. He walked in heat and cold. Wind did not deter him, nor lightning. Junior had expected these singular creatures, and he needed them to be as monstrous as they had always been in the past. Nonetheless, he shrank back against his pillows in dismay when they exploded into the hospital room. Their faces were as fierce as those of painted cannibals coming off a fast. They gestured emphatically, spitting expletives along with tiny bits of lunch dislodged from their teeth by the force of their condemnations. He knew the sermon, of course. The example of Bartholomew. The theme of chain-reaction in human lives. The observation that a small kindness can inspire greater and ever-greater kindnesses of which we never learn, in lives distant both in time and space. "Tragic. Her string's been cut too soon. Her music's ended prematurely," Junior said, feeling confident enough to dish a serving of the maniac cop's half-baked theory of life back to him. "There's a discord in the universe now, Detective. No one can know how the vibrations of that discord will come to affect you, me, all of us." Rena was cheerful, short, and solid. Her waist measurement must have been two-thirds her height, and she favored floral dresses that emphasized her girth. With a German accent and in a voice that always seemed about to dissolve in a great gale of mirth, she said, "Madchen lieb, you look like a Christmas candle to me." She snatched the handset away from Angel, told Bellini, "He's here," threw the phone on the bed, told Angel, "Stay close to me," ran to the windows, and jerked the drapes out of the way. Easter still lay a few weeks away, but already Celestina had begun decorating more than a hundred baskets, so that nothing would need to be done at the last minute except add the candy. Her living room was a warren of baskets, ribbons, bows, beads, bangles, shredded cellophane in green and purple and yellow and pink, and decorative little plush-toy bunnies and baby chicks. Barty, she explained, would be rich in many ways. Financially rich, but also rich in talent, in spirit, intellect. Rich in courage, honor. With a wealth of common sense, good judgment, and luck. Junior attended a New Year's Eve party with a nuclear-holocaust theme. Festivities were held in a mansion usually hung with cutting-edge art, but all the paintings had been replaced with poster-size blowups of photos of ruined Nagasaki and Hiroshima. "Tom," Kathleen said, "I know why you became a cop, I guess. St. Anselmo's Orphanage ... the murders of those children." "Tame him or bury him," said Losen, and turned to more important matters. "The doctors," he continued, "needed to repair damage to the left frontal sinus, the sphenoidal sinus, and the sinus cavernous, which had all been partially crushed by that pewter candlestick. Frontal, malar, ethmoid, maxillary, sphenoid, and palatine bones had to be rebuilt to properly contain my right eye, because it sort of ... well, it dangled. That was just for starters, and there was considerable essential dental work, as well. I elected not to have any cosmetic surgery." Tom proved to be more useful than either a cop or a priest to Pie Lady Services, when he discovered a talent for money management that protected their funds from twelve percent inflation and in fact brought them a handsome return in real terms. A moment later, in the corridor, as Nolly locked the door to his suite, Kathleen linked her right arm through Vanadium's left. "Do I call you Detective Vanadium, Brother, or Father?" a deeply troubled John Wayne while the delightful David Niven floated along overhead in a basket suspended from a huge, colorful hot-air balloon. Junior had hoped not to be recognized by anyone at this affair. He regretted that he hadn't stuck to his original plan, maintaining surveillance of the gallery from his parked car. Instinct, even reason, told him that some connection existed between this person, this Bartholomew, and Celestina. The name had terrified Cain in a bad dream, the very night of the day that he'd killed Naomi, and Vanadium therefore had incorporated it into his psychological-warfare strategy without knowing its significance to his suspect. As strongly as he sensed the connection, he couldn't find the link. He lacked some crucial bit of information... So he calls it the King. If you find him his King, he'll treat you well. He's often here. Come on, I'll show you. Dog can't track till he's had the scent." Angel raised her attention from the salt shaker to Tom's face, studied his scars for a moment, and said, "No." Reverend White's murder received significant coverage throughout the nation, especially in West Coast papers, because of its perceived racial motivation and because it involved the burning of a parsonage. OF THE SEVEN NEWBORNS, none was fussing, too fresh to the world to realize how much was here to fear. Forward, under the spreading black branches of the massive tree, receiving continuous green-tongued murmurs of encouragement from the breeze-stirred leaves, Barty was Barty, determined and undaunted. Blue fire flashed across the top of the range and followed drips down the baked-enamel front to the floor. Blue flared to yellow, and the yellow darkened when the blaze found the cadaver. Suddenly, even in the heart of a great city, the alleyway seemed as lonely as an English moor, and not a smart place to seek asylum from a vengeful spirit. Casting aside all pretense of self-control, Junior sprinted for the next street, where the sight of multitudes, swarming in winter sunshine, filled him not with paranoia or even uneasiness, anymore, but with an unprecedented feeling of brotherhood. The sidewalks were crowded with businessmen in suits, hippies in flamboyant garb, groups of smartly attired suburban ladies in town to shop, and the usual forgettably dressed rabble, some smiling and some surly and some mumbling but as blank-eyed as mannequins, who might be hired assassins or poets, for all he knew, eccentric millionaires in mufti or carnival geeks who earned their living by biting heads off live chickens. Joey was not illuminated by the light of this world. Agnes realized that he was translucent, his skin like fine milk glass through which shone a light from elsewhere. Fortunately, just as he was about to declare his gut feelings to his superior and risk dismissal, he saw his potential patient. At fifteen, Seraphim was breathtakingly beautiful, in her own way as striking as Naomi, and instinct told Junior that the chance of being physically or morally polluted by her was negligible. She damaged more of Joey's things than her own solely because he was such a big, dear giant, which made it easier to believe that he was constantly bursting out of his clothes. Happy weekend. His attitude amazed her, and his strength in the face of darkness gave her courage. After much oily commiseration, sanctimonious babble about Naomi having gone to a better place, and insincere talk of the government's desire

always to ensure the public safety and to treat every citizen with compassion, Knacker or Hisscus, or Nork, finally got around to the issue of compensation..Off the hard surfaces of cabinets, refrigerator, and ovens, the twin reports crashed and rattled. The windowpanes briefly thrummed..Again he fired into the lock, squeezed the trigger a second time, and discovered that no rounds remained in the magazine. Extra cartridges were distributed in his pockets.. "Maybe it's not where the heart is," Wally corrected himself. "Maybe it's where the buffalo roam.".The floor of the spacious bathroom featured beige marble tiles with diamond-shaped inlays of black granite. The countertop and the shower stall were fabricated from matching marble, and the same marble was employed in the wainscoting..As they moved around the base of the oak from one vantage point to another, people stopped by to reassure Agnes, although never with a word, as though to speak would be to jinx the climb. Maria placed a hand on her arm, squeezed gently. Celestina briefly massaged the nape of her neck. Edom gave her a quick hug. Grace slipped an arm around her waist for a moment. Wally with a smile and a thumbs-up sign. Tom Vanadium, thumb and forefinger in a confident OK. Lookin' good. Hang in there. Signs and gestures, maybe because they didn't want her to hear the quivers and catches in their voices.
